REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

The prior art does not teach or suggest an assembly method for assembling a heat-resistant assembly having a boiler tube assembly formed with boiler tubes and a connecting flat rib, including applying mortar to the tube assembly, including an interlocking mechanism, and a heat-resistant block, including indentations, separately prior to assembling the tube assembly and the heat-resistant block, in combination with all of the other claim limitations of claims 10 and 11.

The prior art does not teach or suggest an assembly method for assembling a heat-resistant assembly having a boiler tube assembly formed with boiler tubes and a connecting flat rib, including that the thickness of mortar which has been applied to the connecting flat rib connecting the boiler tubes is controlled by removing excess mortar with a scraper using the exterior surface of the boiler tubes as a guide, in combination with all of the other claim limitations of claim 12.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
